Dear sir,

I have seen 2 UFO's in a 2 minuit period. One had lights one red, and one white they were revolving around a round white light. This was at 9:45 P.M. It was going stright then stopped and hovered for one minuit then it started going agin then it dissapeared behind a tree and it never came out agin. While I was looking for it another UFO came out of nowhere it was only in sight for about 10 seconds. It had a red, white, and another red flashing on and off. It couldnt have been a plane because in was moving so fast. I have already told you about another UFO so please send me Two forms for the Two UFO's that I have seen,

Yours Truly  

P.S. Please let me Know what you find.
